

How-To Guide: Creating a List

Lists can be used to bookmark preferred products and frequently ordered products. Share lists, order, and reorder products. Add comments next to each item on the list. Organize, sort, set priorities, and update lists.

Creating a List

1. Hover your mouse over **Lists** in the top right corner of your Amazon Business home page.

2. Click **Create your first list**. (Note: if you have previously created a list(s), the link will read **Create a list**)

3. Choose a list type, and add a **List name**. If you plan to share the list, we recommend including your name and the date in the **List name** for easier identification.

Choose a list type

Reorder List
For items that are bought repeatedly.
Items remain on the list after purchase.

Shopping List
For items that are bought once. Items are filtered from view after purchase.

4. Click **Create List**.

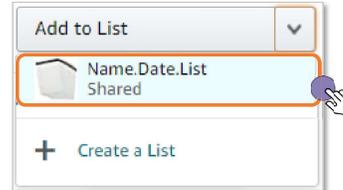

5. Search for and identify items you wish to include in your list.

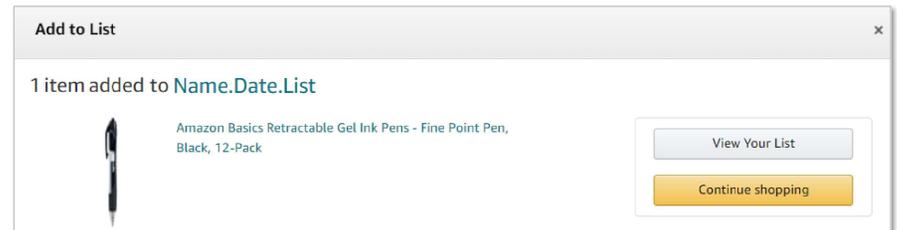

6. Select **Add to List** which will be located on the right hand side of the product page.

7. Choose your list from the drop down.

8. You will be notified that the item was added to your list. You can then **View Your List** or **Continue Shopping** to add more items to your list.

9. Finalize your list by selecting **View Your List**. Update item quantities and/or add comments if needed.
