### Policy Summary

A separation action occurs when an employee separates from university employment. Final Pay for separating employees is subject to the 72-hour rule. For more information see [Separation from Employment Guide](#)

Steps to be considered during the separation process:

- separation action should be processed at first “open” opportunity
- future address should be updated for end of the year (W-2) forms to be mailed to
- contact the Payroll Office for guidance with a separation during a Leave of Absence
- separation date should be the appointment end date, unless otherwise instructed: i.e., in cases of LWOP directly prior to separation
- when the separation date falls on a pay date, follow the [Separation from Employment Guide](#) payment process procedure

Refer to <http://shr.ucsc.edu/shr-procedures/topics/layoff-separation.htm> for more information.

## Before You Start

Prior to processing the OEU for a separation, Refer to the [SHR Procedures Manual](#) This will give you guidance to determine the delegations of authority and policy procedure.

Obtain required approval to perform the PPS action.

Have the employee complete the following forms:

- Letter of resignation (voluntary separations)
- Unemployment Insurance Termination Report (U5602)
- Provide employee with the Termination Benefits packet (available from the Benefits office.)

Forward the Unemployment Insurance Termination Report to the Benefits Office.

Retain letter of resignation for Staff Human Resources records.

For issues related to the timing of this action, refer to [Section 2.3, Timing](#)
