# 7.8 PERCENT CHANGE IN TIME (PCNT)

### Overview

The procedures described in this section are for increasing or decreasing the percent of full time an academic employee will be working.

Increasing or decreasing the percent of full-time the employee is working may change certain benefits and entitlements to the employee. Listed below are things to consider when an employee increases or decreases their time:

- Eligibility for accrual of both vacation and sick leave. Refer to Appendix C, Leave/Vacation Accrual Codes and Rates for guidelines.
- Possible changes in Benefit Eligibility.
- Eligibility for UCRP membership. Refer to Section 4.9, Retirement/FICA Coding for guidelines.

# **Policy Summary**

For non-voluntary reduction in time in an academic title, refer to Campus Academic Personnel/Procedures Manual (004-145).

- If change in percent of time is temporary, always create an additional distribution to bring the employee back to their original percent of full time.
