7.9 FUNDING CHANGE

Overview

The procedures described in this section are for changing an existing account, fund, or sub number related to the employee’s salary distribution.

Policy Summary

A change in fund source occurs whenever salary distribution data elements relating to the account, fund, project code, sub and/or FTE are changed. These data elements define the funding from which the employee’s service or wages are charged.

Before You Start

Before starting the funding change:
Obtain the required approval to complete the funding change.
Currently there is no specific data collection document to complete. Use existing procedures if they provide for audit purposes, or devise procedures that do.
If the funding change is temporary see the OPTRS Manual sections on EDTS and EDTM. Temporary funding changes are now handled after the fact as payroll expenditure transfers.

Data Entry

Use the EAPP function to process a funding change.

Accessing the EAPP Function

1. Log on to the Payroll/Personnel System.
2. At Next Function, type EEDB and press Enter.
3. Type EAPP, the employee ID number, and press Enter.
The EAPP function is displayed for the selected employee.

THE EAPP (APPOINTMENTS/DISTRIBUTIONS) FUNCTION

EAPP Notes and Tips

- When processing a funding change, always end the current distribution and set up a new distribution. Refer to Section 1.11, Appointments and Distributions for more information.
- If the employee has more than one appointment or more than two distributions, these are stored on additional screens. Use F8 Forward or F7 Backward to scroll through the pages.
- Always enter a decimal point in the percentage and rate fields. The decimal point on the keypad may not work.
- Do not enter commas or dollar signs in the rate fields.

The Distribution Level Procedure

1. **F15 New Line** to the distribution line. End the distributions that are affected by the funding change.
2. Go to the command line and type “add d” to set up the first available distribution.
3. Enter data in the following fields, as applicable:

<table>

Review

Make sure you have completed all the required data elements in the EAPP function. Review all entered data for accuracy and consistency.

Updating the Employee Database

Press F5 Update to invoke consistency edits and to display the PAN Subsystem Notification Preparation screen.

Consistency Edit Errors

If there are consistency edits, the Consistency Edit (ECON) screen is automatically displayed. Review all error messages and make necessary corrections.

How to Correct Consistency Errors

From the ECON screen you may:

- Correct errors directly on the ECON screen.
- F3 Return to the EAPP function to make the appropriate corrections. Then do one of the following:
  - Press F5 Update to invoke PAN.
  - Press F2 Cancel twice to cancel the update.

See Consistency Edit Messages (ECON) in Section 1.6, System Messages in this manual for more information and instructions.
PAN Preparation

After pressing F5 Update from a data entry screen (if there are no consistency edits) or an ECON screen, you are automatically positioned at the PAN Comments Entry screen. From here you can add comments and additional reviewers to the PAN.

1. Add a description of the action and any significant details in the Comments Entry screen.

2. Press F10 NotfPrep to display the Notification Preparation screen, where you can add reviewers as desired.

3. Press F11 Detail to display the Activity Review screen, where you can review the notification before sending it.

4. Press F5 Update to complete the update and send the notification.

If the update is successful, the EAPP function appears and displays:

U0007 UPDATE PROCESS COMPLETE

For more information about PANs and additional PAN features, please refer to Section 1.8, Post Authorization Notification (PAN).

Accessing IMSG

1. To access the Message Report Screen go to the Next Function field, type IMSG and press Enter.

2. When the IMSG screen is displayed, review any remaining messages and take the appropriate action.

Disposition of Forms

- Forward the appropriate approval document to the mandatory reviewer; and retain the data collection document in the Service Center employee file.
